### Description:

The OBDII pigtail connector provides an alternate installation location for the Window Valet™. This frees up the stock OBDII connector for simultaneous use of other tools. Most OBDII tools, such as tuners/programmers, only temporarily use the OBDII data port. In these cases, the Window Valet™ can simply be swapped in and out as needed. However, if you have a full-time data logging computer, or otherwise need very frequent access to the port, it may be advantageous to relocate the Window Valet™.

### TERMS OF USE, WARRANTY, AND LIABILITY WAIVER

Top Down Technologies Inc., a California Corporation, having its principal place of business in San Jose, CA ("Top Down Tech") offers its Window Valet™ product (the "Product") to you (the "Buyer") with the terms, conditions and notices as follows:

#### 1. Terms of Use.

This Product is offered to you conditioned upon your acceptance without modification of the terms, conditions, and notices contained herein. Installation and/or use of this Product implies acceptance of all such terms, conditions, and notices. If you do not agree to these terms, Top Down Tech will not sell this Product to you, and in that case you should return this Product promptly at Top Down Tech's expense to Top Down Technologies, Inc.; 5339 Prospect Road, #338; San Jose, CA 95129.

#### 2. Personal and Non-Commercial Use Limitation.

This Product is for your personal and non-commercial use. You may not modify, reproduce, reverse engineer, or create derivative works from this Product.

#### 3. Parts Warranty.

Top Down Tech warrants that the Product will be free from defects for a period of one year. Any defects in materials or workmanship shall be repaired or replaced at Top Down Tech's sole discretion. Top Down Tech does not warrant against damages or defects arising out of use of the Product. No warranty of any kind, expressed or implied, is made regarding the safety of the Product. The entire risk as to the quality or performance of the Product is with the Buyer.

#### 4. Limitation of Liability.

In no event shall Top Down Tech be liable for any direct, indirect, punitive, incidental, special, consequential damages, or any damages whatsoever arising out of or connected with the use or misuse of this Product. Should the Product prove defective following purchase, Top Down Tech's liability is limited to the Buyer's purchase price of the Product. Top Down Tech shall not have any obligation with respect to the Product or any part thereof, whether based on contract, tort, strict liability or otherwise. Buyer assumes all risks and liability from use of Product.

#### 5. Other Statements.

Top Down Tech's employees or representatives' ORAL OR OTHER WRITTEN STATEMENTS DO NOT CONSTITUTE WARRANTIES, shall not be relied upon by Buyer, and are not a part of the contract for sale or this limited warranty.

### 6. Entire Obligation.

This TERMS OF USE, WARRANTY, AND LIABILITY WAIVER document states the entire obligation of Top Down Tech with respect to the Product. If any part of this agreement is determined to be void, invalid, unenforceable or illegal, including, but not limited to the warranty disclaimers and liability limitations set forth above, then the invalid or unenforceable provision will be deemed superseded by a valid, enforceable provision that most closely matches the intent of the original provision and the remainder of the agreement shall remain in full force and effect.

### 7. General.

This agreement is governed by the laws of the Commonwealth of California, USA. You hereby consent to enter into arbitration all disputes arising out of or relating to the use of this Product. Arbitration will take place in Santa Clara County, CA. Use of this Product is unauthorized in any jurisdiction that does not give effect to all provisions of these terms and conditions, including without limitation this paragraph.

### 8. Modification of Terms and Conditions.

Top Down Tech reserves the right to change the terms, conditions, and notices under which this Product is offered.

### Installation:

The OBDII Pigtail Connector comes with three feet of attached wires. This wire is color coded to match a 2000 Corvette. Other vehicles, even other Corvettes, may use alternate color coding. Please match the pin number of the stock OBDII connector in the target car, regardless of wire color.

**\*\* Installing electrical equipment can be dangerous. Please ensure that the battery is disconnected prior to working with electrical connections. An inadvertent short could cause severe burns or equipment damage.**

OBDII Pigtail Connector	Vehicle's OBDII Connector
Pin 2: Data, Purple	Pin 2: Data
Pin 4: Ground, Black	Pin 4: Ground, chassis
Pin 5: Ground, Black	Pin 5: Ground, signal
Pin 16: Constant +12V, Orange	Pin 16: +12V, constant, fused

The connections are fairly simple. Simply match up the numbered pins of the pigtail to the numbered pins on the vehicle connector. Use approved wiring/splicing techniques, or use the included t-wire taps for quick and easy connections

### Usage:

Simply install a Window Valet™ into the newly installed OBDII Pigtail Connector. Do not plug other devices into the new connector. It may not have the needed grounds or special data signals required by other devices.
